Synopsis

Soccer iQ Vol. 1 is a best seller and an NSCAA Soccer Journal Top 5 Book of the Year! Football.com rated these books number one and number two in its list of the Top 14 Soccer Books for Players and Coaches! In a world saturated with books about how to coach soccer, Dan Blank finally gives players two books on how to think it. Standing on two decades of collegiate coaching experience, Blank has cataloged soccer's most common mistakes and provides simple, connect-the-dots solutions to help players solve their soccer problems. Soccer iQ is soccer's first textbook for players; an almanac of smarter soccer decisions intended to flatten out the learning curve. It covers everything from hunting rebounds to the value of the toe-ball; from playing in the rain to the world's dumbest foul. Blank tells his story from the familiar and humorous voice of a coach who has endured years of stress at the hands of his players. Written in plain-spoken language, Soccer iQ is an easy listen and a quick fix to the most common, yet critically important soccer problems. Vol. 2 picks up where Vol. 1 left off, providing even more valuable soccer nuggets for aspiring players.
