Customer Reviews

Good book with very helpful ideas and stories on how to prosper and survive in a family business. It is good to see other families having similar issues, opportunities, stumble blocks and conflicts as ours. I don't feel so alone anymore. Worth the price for the peace of mind I got. If you are part of a family business this book is a must.

This is a very interesting and practical book, a must read for owners, and consultants of family business, to want to performance better.

Great book.
