Facebook Marketing And Advertising In 2016: What Works For My Facebook Page With 2 Million Likes?

Synopsis

If you want to be successful with Facebook ads and Facebook marketing, you might love this book! You get principles and strategies that will work for you based on my experience building my Facebook page to more than two million likes and finding hundreds of clients for free using Facebook pages. Listen to this book today to take your next step now in getting your best results ever on Facebook! Here are questions you can expect to be answered by listening to this book! Which to use? A Facebook page, group or profile? When is using a Facebook page helpful? How to create a Facebook page and name it for best results? How to make a great Facebook page using videos and making helpful posts? What method worked for me to get a monthly income out of my work on Facebook and what might work for you? What is the most effective way to reach the newsfeed using Facebook marketing? What method of content creation is the most effective for getting sharing? If you are like me, you are reading more now because you want to know for sure whether this book is worth listening to before you invest your money and time in it. If hundreds of thousands of people before you had not already spent time watching my videos on YouTube and paying to take courses with me online, I would not have been able to work with Michel Gerard to get this book in front of you. What you get in this book is the new audio version of my complete Facebook ads and marketing course online which has been through hundreds of changes and updates to make it the most helpful for you. What you have the chance to hear now is the product of hundreds of people working for you to make what I hope is the best book currently available on Facebook ads and marketing! You can start this book with any level of experience on Facebook and go straight to learning the best of what I have found works today based on my experience being one of the very first users to sign up for Facebook in 2005 and using it nearly every day since then!
