# Uncivilized

## Synopsis

Putting a woman on her knees before me is what really makes my cock hard. I f\*\*k with dominant force and absolute control. I demand complete surrender from my conquests. Savage man, loner, warrior... I am dangerous at my core. I have lived amidst the untamed wild of the rainforest, in a society that reveres me and where every woman falls before me in subjugation. Now I've been discovered. Forced to return to a world that I have forgotten about and to a culture that is only vaguely familiar to my senses. Dr. Moira Reed is an anthropologist who has been hired to help me transition back into modern society. It's her job to smooth away my rough edges... to teach me how to navigate properly through this new life of mine. She wants to tame me. She'll never win. I am wild, free and raw, and the only thing I want from the beautiful Moira Reed is to f\*\*k her into submission. She wants it, I am certain. I will give it to her soon. Yes, very soon, I will become the teacher and she will become my student. And when I am finished showing her body pleasure like no other, she'll know what it feels like to be claimed by an uncivilized man. Warning: This book is a wild, sexy beast of a read. 18+

ASIN: B00RER5IQ8

Best Sellers Rank: #11 in Books > Audible Audiobooks > Fiction & Literature > Erotica #414 in Books > Literature & Fiction > Erotica #6982 in Books > Romance

## Customer Reviews

The Synposys for Uncivilized does a stellar job of summing up exactly what you can expect from its pages â "Putting a woman on her knees before me is what really makes my c\*\*k hard. I f\*\*k with dominant force and absolute control. I demand complete surrender from my conquests. I am wild, free and raw, and the only thing I want from the beautiful Moira Reed is to f\*\*k her into submission. And that is pretty much what the book is about, don't take my 3 star rating as dislike

as I did really enjoy *Uncivilized*. It is more to do with the quantity of sex versus the rest of the story. Because quite frankly, it had a lot of scope, and it got lost due to the fact that Zach (after discovering the wonders of Google and the internet) turns into Tarzan the P\*\*n Star. Go Moira for keeping up with him though, I think I would have needed a v\*\*\*\*a transplant after the first 50%. I wanted more of the â “Sad little boy. Savage man from the jungle. Loner, warriorâ | dangerous at his core. Curious man who doesnâ™t belong here or there,. The sex is extremely well written, imaginative and varied, Zach has a penchant for eating out before and after leaving his own deliveries, and I really liked the raw, unrestrained, baseness of their escapades. But I liked the flashbacks to his time in the jungle as well, and would have liked more insight into the 18 years he spent with the Caracian Indian Tribe. My heart and soul were back in the rainforest. If you are looking for a book that offers sex (lots), romance (in its own blunt way) and not a lot of drama to tax the brain, then this one is for you.

Here's the deal with Sawyer Bennett's books. She can be so demensional in her writing because you can read a book that centers around a bar in North Carolina and next you are reading a book about the Jungle. Yes you heard me the Jungle and this is where the book takes off with her heroine Moria who has been hired by a very pretisous sponser of her anthropoligy department Randall to try to see if she can find his godson-Zach Easton. Zach's parents were missonarys that traveled. They had died from Dungee Fever in the years earlier when Zach was a little boy. Zach was then raised by the Caracia Tribe. Randall has been trying for years to locate Zach and bring him back home where he belongs. When Moria gets a first glance of Zach he is not what she expects. He is without a doubt a hotter than hot Tarzan. Immediately Moria is drawn to Zach but unfortuantely not the case for Zach because he views Moria as a threat to him by her being there to "take him back home" Zach has been with this tribe for years now and has excepted life in the as an very skillful warrior. It's that and how Zach takes a woman from the tribe to have sex that Moria finds "Uncivilized" in the union of man and women. "Get down on your knees" is the term used as the women submit to the men, which is exactly how Zach proves this to Moria litterly in front of all. Zach the dominant man that he is must be in control at all times. Zach begrudgingly returns back home with Moria with contempt for Randall in trying to turn his world around. Zach tries to dislike Randall but he begins to form a fondness for this man who has remember his parents and wants nothing but happiness for Zach. If that happeness is with Moria than all the better.

Savage man. Loner. Warrior. Dangerous. Uncivilized. All of these words and more describe Zacarias Easton, the hero in Sawyer Bennettâ™s newest release, *Uncivilized*. For the past 18 years, Zach

has lived with the Caraican Indian Tribe in the wild of the " a place where the modern world has no role and the rules of civilization don't apply. As a male member of the tribe, he protects his people and takes what he wants as a reward, including sexual gratification. He's a man of control | a dominant man whose raw sexuality and passion makes him even more complex and intriguing to Anthropologist, Dr. Moira Reed. She's been entrusted with the task of bringing Zach back to the states and reacclimating and reinitiating him into contemporary society. She's to be his teacher, answering his questions and helping him understand civilization's expectations, but what Moira wasn't expecting is for Zach to teach her just as much about herself and the freedom of submission. You can take a man out of the wild, but you can't take the wild out of the man. This is definitely an idea that holds true for Zach and one that Moira tries her best to work through as they make their journey back from the and into her hometown. From the start, Moira is extremely accepting of Zach's differences and does her best to teach him the ways of this new world he finds himself in without forcing him to change his ways. There are lessons and information to be learned in order to become a member of modern society, but Moira does not want to change the man Zach has become because his true nature is something he won't give up. But soon, the teacher becomes the student when Moira and Zach's sexual attraction pulls them towards one another.
