Modeled after the proven and effective Pimsleur method of language learning, Fluent Penguin conversational collections employ context-driven recall techniques to help you anchor new vocabulary and phrases to the situations in which you will use them. All lessons are in audio format and use subtle repetition and meaningful associations to maximize retention of new information. Each collection consists of conversations about common topics, ranging from work scenarios to current events, leisure activities and travel. Each statement in a conversation is first narrated in English, then spoken by native voice actors in a variety of Mexican, European, Central, and Southern American Spanish accents. Time is provided after each statement for you to repeat aloud and hone your pronunciation. Conversation lessons range from 30 to 50 minutes in length. The following conversational topics are introduced in Conversational Spanish: Intermediate Collection One: Holidays How was your day? I dreamed last night My favorite singer My dream job

This improved my listening skills quite a bit. I appreciate that it has built-in pauses so I can repeat out loud hands-free while gardening or driving. The kindle version looks like it could be useful to read along, but I do other things while listening.Kerry-Seattle, WA
