Designed for self-taught language learners, Fluent Penguin picks up where PimsleurTM and Rosetta StoneTM leave off. Modeled after the proven and effective PimsleurTM method of language learning, Fluent Penguin conversational collections employ context-driven recall techniques to help you anchor new vocabulary and phrases to the situations in which you will use them. All lessons are in audio format and use subtle repetition and meaningful associations to maximize retention of new information. Each collection consists of conversations about common topics, ranging from work scenarios to current events, leisure activities, and travel. Each statement in a conversation is first narrated in English then spoken by native voice actors in a variety of Mexican, European, Central, and South American Spanish accents. Time is provided after each statement for you to repeat aloud and hone your pronunciation. Conversation lessons range from 30 to 50 minutes in length. The following conversational topics are introduced in Conversational Spanish: Intermediate Collection 2: What do you want to do tonight? What should I study? Where are you from?
