Wild Mind: Living The Writer's Life

Synopsis

Writer, poet, and teacher Natalie Goldberg shows you how to unleash your "wild mind" - the true source of your creative power. In this crisp mix of memoir, teaching guide, nonfiction and poetry, Goldberg strips creativity to the essential mind that is "raw, full of energy, alive, and hungry." Natalie is compassionate, practical, and humorous. "Even if it's just a leg hanging out the window, she says, "write it down." Highlights include: provocative "try this" exercises to compel you into action, advice on how to find time to write, how to discover your personal style, how to make sentences come alive, and how to overcome procrastination and writer's block. She'll also explore the larger vision of the writer's task: knowing when to take risks as a writer and a person, learning self-acceptance in life and art.

Book Information

Audible Audio Edition

Listening Length: 2 hours and 56 minutes

Program Type: Audiobook

Version: Abridged

Publisher: Writer's AudioShop

Audible.com Release Date: December 17, 1999

Language: English

ASIN: B0000549AN

Best Sellers Rank: #461 in Books > Audible Audiobooks > Nonfiction > Language Arts & Disciplines #590 in Books > Audible Audiobooks > Nonfiction > Reference #3185 in Books > Reference > Writing, Research & Publishing Guides > Writing > Writing Skills

Customer Reviews

I align myself more with the negative reviews of this book. It's easy to get caught up in some of the philosophical warm-fuzzy rhetoric of Ms. Goldberg. Akin to watching Oprah pull at an audience's heartstrings, Ms. Goldberg pulls readers in with story after story trumpeting the same message of writing from the heart. The initial reaction is to feel that there's nothing to question about what Ms. Goldberg says. When I purchased the book, I saw nothing to indicate that it was specific to one particular form of writing, but after reading it, I feel that the author speaks much more to poetry than other forms of writing. The author on several occasions admonishes us to write in the moment and not dwell on ideas we've had in the past. She relates an experience of one student who had a fully-formed idea while out jogging but couldn't reproduce it when s/he got home to the blank page.

Goldberg went into a spiel about how we should just let go of those thoughts that are not inspired or conceived in the moment that we sit down to write. That's where I have a fundamental disagreement with her and feel her philosophy becomes almost destructive to new writers. Perhaps poetry functions that way. Perhaps someone has to have that spontaneous quality about their work in order for it to be fresh and exciting. I don't know. I'm not a poet. However, for novels, short stories, and longer works, you would be a fool to let great ideas get away. Personally, I like to let some of those ideas percolate for weeks and even years. Yes, we mature and our perspectives change, but in a lot of cases that only means that we can approach a subject in a different way as we grow older. It doesn't make the subject any better or worse to write about. Bottom line: I came away from the book with mixed feelings.
