## Synopsis

Cass Clereaux likes her job. It's simple - steal the magic, don't get killed. FireSouls like her are perfect for magic treasure hunting. Their dragon soul helps them find treasure, their wicked powers help them steal it. But there's a big freaking downside - FireSouls are hunted. If either of the magical governments figures out what she is, she can kiss her life goodbye. When the Alpha Council comes to her with a special job, it's a no-brainer to turn it down, no matter how much money they're offering. Shifters who can sniff out her weird magic are the last supernaturals she needs to be around. Worse? They have a history of hunting FireSouls. But when Cass learns that a little girl's life is at stake and Cass is her last hope, she doesn't have a choice. With her sisters and the powerful Shifter Aidan Merrick at her back, she's got a chance at saving the girl and keeping her deadly secret - until she learns there's far more to this kidnapping than meets the eye.

Best Sellers Rank: #130 in Books > Audible Audiobooks > Fiction & Literature > Action &

Adventure #240 in Books > Literature & Fiction > Action & Adventure > Fantasy #284 in Books

> Audible Audiobooks > Fantasy

## Customer Reviews

Cass has begun practicing her magic with the help of the Origin, Aidan Merrick, at his house out in the middle of nowhere, but they take an interlude to raid a Mayan pyramid for a specific treasure with Cass using just her magic powers to defeat the guardians of the treasure. After that trial is over, Mathias approaches Cass with an offer from the Alpha Council to help them, but he can't tell her what the task is until she meets the entire council at their stronghold. Cass is at first reluctant, even with the offer of two million dollars, because the shifters hate FireSouls, and with their enhanced senses, she'd be taking a chance they might find out about her. But when she realizes the life of a

child is at risk, she must risk her own life to find the missing child. Little did Cass know, in finding the lost child, she was uncovering a part of her own past, and facing not just uncovering her secret, but exposing herself to the monster from her past. One thing I have to say upfront is that this book is better than the first! The book was well-written; the plot was as engaging and fun; the characters were easy to love and get to know; and there was non-stop action. I had a hard time putting this book down once I got started. There were only a couple things that I found irritating, and, to be fair, the couple things are just a preference of mine, not really negative things about the book. I really wish that Aidan and Cass would get closer. I'm glad that they aren't rushing things, but I'd like them to be a little closer. And, Mathias took the revelation (I don't want to say too much and spoil it) a little too easily. As you can see, these are little nitpicks of mine, nothing really wrong with the book.
