Learn How To Build a Sustainable Passive Income Stream with $0 Upfront Investment!

Dropshipping is the simple art of having the customer ordering the products first, and using his money to purchase the inventory later. This amazing business model has been revealed and has been proven to be one of the most successful, productive and enjoyable methods to make money online, and it's unstoppable!

With 1 hour of investment a day, you can build a dropshipping empire on eBay, make a huge income in a simple, easy-to-follow method - and achieve the lifestyle you desire.

In this book you'll learn:

- How to set up your seller account on eBay for maximum sales
- How to CRUSH your competition and have a successful hot store on eBay
- How to optimize your listings on eBay for maximum exposure
- How to lower your eBay fees, Paypal fees, and leave more money on your side
- And many many more techniques that you can implement TODAY!

This is NOT a "get rich quick scheme". It will require some work and some time - DO NOT MISS THE BOAT, start selling today and enjoy the benefits of this business model!

Why The Method In This Book Is So Successful:

- No Risk, you pay for inventory only after a buyer sent you his money
- Field Tested and Worked Successfully
- Authentic - using unique sources and websites which are not popular among drop shippers

Steve’s book was shockingly short, but honestly it gets right to the point. Set up eBay, what to find, how to make your listings stand out so people buy, etc etc, yadda yadda yadda. It’s all you really need to start off and make some money. You won’t be a millionaire tomorrow, but if you use this as the foundation of your eBay business and build your education from there, I will be shocked if you don’t make money. Good job!

Very easy to understand and a quick read. Great introduction into retail arbitrage and the steps are quite simple to implement and you can get started right away towards earning extra income or a full time lifestyle change.

The book presented dropshipping as a very doable thing. So if you are looking of getting some extra bucks while doing your 9-5 job, this is the book that will give you the basics on building a profitable eBay dropshipping biz.

If you are looking for a excellent overview of the eBay dropship business this is a good guide. It is short and to the point however, it can serve as a good outline for those that want to pursue this money making venture.

This is great ebook for people who are starting out with dropshipping. For advanced dropshippers - good to read, has some tips and advices that one could overlook or not think about before. My recommendation

The book is lacking in details. In depth explanation is not there in some parts of the book, and more examples are always better. Good read, though, as I picked a few new ideas in the book as well.
