PASSIVE INCOME: 14 Ways To Make \$5,000 A Month In Passive Income (Make Money Online, Work From Home, Passive Income Streams, And More!)

Synopsis

Passive Income Opportunities Have Exploded and There Is Money to Be Made¹. Would you like to make an extra \$1,000 to \$10,000 a month?² Are you looking to diversify and attract multiple streams of income?³ Are you looking to improve your business, career, and income prospects? If you answered "yes" to at least one of these questions, then this book is for you. It is an exciting time to delve into the world of residual income. The internet has exploded with countless opportunities from self-publishing books to online courses and from e-commerce to robo-investing. It is no longer a matter of where to look, but what to choose from a plethora of options. In *Make Passive Income*, I discuss 14 activities that attract unearned or "sleep" income. These endeavors are divided into four categories including content producers, techies, creative retailers, and investors. As a result, there's something for you in this book irrespective of your skills, knowledge, and experience.

What's Inside- 14 paths to passive income generation accompanied by the best resources to get you started- Get an understanding of passive income, advantages, disadvantages, and how it differs from earned income- Gain a realistic idea of how to make residual income and what's involved in the process- Learn how to avoid "The Feel Good Trap" and gain insights into product portfolio theory- Discover the advantages and disadvantages of online marketplaces to improve your strategic decision-making- Acquire numerous ideas regarding what it will take to succeed and when you can expect to make your first \$1,000- Appreciate the importance of skill development and learning accompanied by e-learning platform recommendations

Target Audience- Individuals seeking to make passive income on a full or part-time basis- Experienced online workers looking for additional insights and advice- Newbies to making money online and location independence- Individuals seeking to trade in their dead-end 9 to 5 jobs

Customer Reviews

This was a fantastic book on how to generate passive income from an author that has walked the walk! I've known Chad for only a short time now, but I've jealously watched him live and travel around Mexico and South America while still maintaining an awesome business. There is a lot of misinformation out there about what it takes to create passive income. This book gives you REAL ideas and REAL strategies from someone who is living the experience. Thanks buddy!!

This really opened my eyes to the aspect of multiple income streams. I always had the idea that I'm going to have to spend years building a business and eventually be able to only work only 10 - 20 hours a week while making a good income. What's amazing about this book is how the author explains in detail how to passively achieve multiple income streams. And that's the key word, passive, because you can make an amazing income while doing very little. Out of the 14 ways Chad talked about, I'm really REALLY excited about tackling 6 of them in the next 3 weeks. He gives your the blueprint and the steps, I feel like the rest of the work is administration.

Pretty good. Starts off with the pros and cons of developing a passive income and how long it probably will take you to develop such an income. Chad discusses the importance of developing a portfolio of products on a consistent basis. He then discusses the various methods available and offers resources, some paid and others free, in each section to get the reader started. It was an easy read with worthwhile advice to the reader: you'll have to put in the time and effort to learn and then put in the time and effort to build your passive income.

Chad's writing gets straight to the point. I especially liked the section about blogging, online teaching, investing and drop shipping. Too many books these days are full of fluff and long-winded stories, Chad gives me just what I need, simple, clear, actionable advice. Now I gotta get to work on it!

Who doesn't want to make more passive income? This book offers an up-to-date and detailed explanation of more than 10 ways to make passive income. Highly recommended read before starting your next income stream!

Admittedly, some of the ideas were out of my comfort range, but it was good to know the many options I have for creating passive income. The different avenues for income made me take a look at where I could be creating passive income but just haven't done it yet.

I've read and watch a lot of passive income educational content in more than 20 years yet don't have a good overview of what is possible now. Excellently explained areas joined with real life examples are the greatest value of this e-book and all what is required from a reader is to choose one or few of them and go implement them. No matter if you are employed now or sadly have no other option. It's hard to say which idea from the e-book is best or how to leverage it to the max. Maybe it's best to cite one NBA former coach (Pat Riley): "If you're not getting better, you're getting worse.". And this goes hand in hand with Tennant's thought in the e-book, quoting: "..., I feel better about my passive income prospects when I use my time wisely to learn versus watching overpaid athletes throw a ball around". So - will you watch events not critically important to you or will you do something at that time to secure your future with passive income?

This is a great book for those just wondering what the possibilities are as well as people like myself who have been already experimenting with online courses, eBooks, affiliate programs and others. I like how the author presents the pros and cons of the so-called passive income lifestyle and that he does not sugar-coat the reality of all the hard work and learning involved. I came away from this book with new ideas for expanding my current passive income activities and will soon try others I hadn't even thought of before. The information presented felt like just enough to answer my most important questions and get me started without being overwhelming.
