10 Easy Jazz Duets For Trumpet, Tenor/Soprano Saxophone, Clarinet

Synopsis

10 Easy Jazz Duets, written by John La Porta with Greg Nielsen, contains jazz duets in a variety of styles. This unique book is compatible for performance with all instruments and is published with a CD of hip rhythm section backgrounds. In addition, the duets can be performed with a live rhythm section using the chord symbols provided in the C and Bass Clef editions. Not only is the book great for individual jazz practice for improvisation, articulation and phrasing, but it provides interaction with another musician or group with no limitation on the instrumentation. The duets are also very useful to the educator who may find it difficult to get a full band together.

Customer Reviews

Enjoyable to play along with the cd or another player or both. The cd plays one part then the other so you can either practice the part along with or play as a duet. Nice little combo on the cd, Good fun tunes. Would say it's not really e-a-s-y, but a little more medium. Good high school players should do well.

Nice middle school level duets with a chance to blow the changes. Parts are equal in difficulty. Fun book.

Fun book to play with. Not a basic jazz book . You need the basic jazz knowledge to enjoy it . Very clear articulations and a tight rhythm section in the cd.

I love it
