No One Would Listen: A True Financial Thriller

DOWNLOAD EBOOK
Bernie Madoff was a king of the financial world and a beloved philanthropist. But very few people knew that he was quietly running the largest hedge fund in the world, a fund that eventually spread to over forty nations and handled tens of billions of dollars. Harry Markopolos was a little-known number cruncher at a Boston equity derivatives firm analyzing investment products. A marketer for that firm, Frank Casey, handed Harry a prospectus outlining Madoff’s strategy and asked him to create a similar product. Harry sat down and looked at the numbers. The numbers didn’t add up.

For the next ten years, the investigative team Markopolos recruited warned the government, the industry, and the financial press that the largest and most successful hedge fund in the industry was a total fraud and that the respected and admired Bernie Madoff was a crook. But no one would listen. This is the thrilling, complete story of the pursuit of the greatest financial criminal in history. The incredible investigation takes listeners inside the financial industry, revealing the never-before-told stories behind the headlines. No One Would Listen is the frighteningly true story of massive fraud, governmental incompetence, and criminal collusion that has changed thousands of lives forever—and as well as the world’s financial system. --This text refers to an out of print or unavailable edition of this title.

**Synopsis**

Bernie Madoff was a king of the financial world and a beloved philanthropist. But very few people knew that he was quietly running the largest hedge fund in the world, a fund that eventually spread to over forty nations and handled tens of billions of dollars. Harry Markopolos was a little-known number cruncher at a Boston equity derivatives firm analyzing investment products. A marketer for that firm, Frank Casey, handed Harry a prospectus outlining Madoff’s strategy and asked him to create a similar product. Harry sat down and looked at the numbers. The numbers didn’t add up.

For the next ten years, the investigative team Markopolos recruited warned the government, the industry, and the financial press that the largest and most successful hedge fund in the industry was a total fraud and that the respected and admired Bernie Madoff was a crook. Best Sellers Rank:
#109 in Books > Audible Audiobooks > Nonfiction > True Crime
#131 in Books > Audible Audiobooks > Business & Investing > Personal Finance & Investing
#359 in Books > Business & Money > Finance

**Customer Reviews**

Although I was not an investor, I have been intrigued by the Madoff scandal since it exploded in December 2008. Ever since then, I have spent hours poring over articles written in the press and
documents released by the government and watched (and rewatched) all the hearings on this massive fraud. I even attended one of Harry Markopolos’ speaking events to make sure that my television screen did not conjure up such a noble public servant. Of course, it is only appropriate that I would have a copy of "No One Would Listen" in my hands on the first day of its release. Admittedly, I expected the book to be more or less a summary of everything I have learned thus far - I was very wrong. "No One Would Listen, " a true David and Goliath story, is one of the most riveting nonfiction I have ever read.In the book, young innocent David is portrayed as a "wildly eccentric quant" from Boston named Harry Markopolos who tried to defend his country from the nine feet tall Philistine giant Goliath, portrayed as Bernie Madoff. King Saul of Israel and his army (the SEC) were terrified of Goliath. "No One Would Listen" is a 10-year firsthand account of how Harry and his three friends tried to warn the government, the industry, and the press that the founder of the most successful broker-dealers in the financial industry was actually the biggest crook in history. Unfortunately, "No One Would Listen" does not have the same happy ending as the biblical David v. Goliath battle. For the past few days, I have been reading reviews on the book and found a lot of derogatory comments about Harry’s character and his book. I have to wonder to myself if these reporters read the same book that I did and why they would want to tag their name with such unsubstantiated assertions.
