Married With Zombies

Synopsis

A heartwarming tale of terror in the middle of the zombie apocalypse. Meet Sarah and David. Once upon a time, they met and fell in love. But now they're on the verge of divorce and going to couples' counseling. On a routine trip to their counselor, they notice a few odd things: the lack of cars on the highway, the missing security guard, and the fact that their counselor, Dr. Kelly, is ripping out her previous client's throat. Meet the zombies. Now Sarah and David are fighting for survival in the middle of the zombie apocalypse. But just because there are zombies, doesn't mean your other problems go away. If the zombies don't eat their brains, they might just kill each other.

Customer Reviews

Rated 4.5/5
Summary: Sarah and David have hit a rough patch in their relationship. After five years of marriage, they are both unhappy and fight constantly with each other. In an effort to resolve their issues, they have been going to counseling once a week for the past six months. On their final visit with Dr. Kelly, they walk into a scene right out of a horror movie. Dr. Kelly is literally eating two of her patients. As Sarah and David stare in shock and disbelief, Dr Kelly turns her attention on them. Before this counseling session is over, Dr Kelly is dead.... for a second time. Sarah and David soon learn that all of Seattle is under siege by the undead. Some sort of experiment at the University of Washington went horribly wrong and resulted in Zombies taking over the city. The Zombies are multiplying at an astounding rate, and no where in the city is safe. When the couple is finally able to leave the city, they decide head toward a small town in southern Washington to find out if David's

sister has survived. Along the way, they battle zombies, they escape the clutches of a cult, and they become thieves. But, by working together against a common enemy, they also begin to repair their marriage. Review: As a general rule, zombie stories have never really appealed to me. No matter how talented the author, zombies are still going to be decaying human bodies... YUCK. I picked up this book because the cover made it look like it might be satire instead of a "serious" zombie story. It was not satire. It was a real zombie story with truly disgusting zombies. And believe it or not, I liked it. A lot. So what made this one different? Humor. Sarah and David are hilarious. It isn't intentional on their part.
